EXPERIENCE

Backend Developer   May 2023 - Nov 2023
Service-Based Company,

- Spearheaded backend development initiatives for dynamic projects spanning e-commerce, urban club, and workforce management applications.
- Engineered robust and scalable backend systems utilizing cutting-edge technologies such as Node.js, MongoDB, and MySQL.
- Contributed to the success of high-impact projects at Flyweis Technology and Infinixsys, delivering solutions that optimized performance and user experience.
- Fostered effective collaboration with cross-functional teams to ensure seamless integration and delivery of innovative software solutions.

PROJECTS

E-commerce Platform

- Developed backend using Node.js and MongoDB.
- Implemented user authentication and authorization.

Urban Club Application

- Designed and implemented database schema using MySQL.
- Integrated third-party APIs for location services.

Workforce Management Application

- Built RESTful APIs with Node.js and Express.js.
- Utilized JWT for authentication and authorization.

INTEREST

Reading, Coding, Sports
